- 11** Proposed study
- 12** Re-entry action plan (REAP)
- 13** Supporting statement
- 14** Previous scholarships
- 15** Equal opportunity

Tips in submitting an application

Save as you go.

You can work on the form section by section, and "save as you go" until you are ready to submit your application. (It's not something you fill out and complete in one go.)

Note the word count.

Your response to some questions has a corresponding word count.

Double check accuracy of information.

Ensure that you provide accurate information especially your personal details (i.e., contact details).

Don't wait for the deadline to submit your application.
